

Sport T&C's

Version 69: Effective since 11.03.2025

[View Previous Versions](#)

These Sport T&C apply to **all pre-match and live betting on any sport and/or market, through any betting channels made available by Bet9ja**, unless stated otherwise for or in addition to any type of sport betting and/or any specific sport.

The **minimum stake** is **NGN 10**. The **maximum stake** per betslip (except on Zoom) is **NGN 10,000,000**.

The maximum cumulative payout for Bet9ja within any given 24 hour period will not exceed NGN 10,000,000,000 (the "daily payout"). If the cumulative daily payout on all Bet9ja tickets exceeds this amount, any subsequent payout of the winnings on each valid bet will be adjusted accordingly; e.g. if

Bet9ja reaches the daily payout and you request the payout of your original bet with the winnings amounting to NGN 2,000,000 on the same day, the amount paid to you will be NGN 1,000,000. The daily payout may be subject to change by publication on the website.

A bet is not valid until a transaction code has been issued by Bet9ja prior to the betting event. All bets that have not been confirmed before the start of the betting event by the issuance of a code will be considered void. The printed version or a photo of a bet that has not yet been confirmed by Bet9ja will not be considered as a valid receipt. Bet9ja only recognizes bets that appear as confirmed on the bet list of the betting account. Bets, which do not directly appear on Bet9ja's server, are not valid. If you are unsure about the validity of a bet, please check your Account or contact our Customer Service.

It is up the Customer's sole responsibility to verify that the number of bets placed and the amount staked are coherent with his will before confirming the bet. Once confirmed, the bet cannot be changed or cancelled by the Customer. All odds are subject to changes. Only the odds indicated by Bet9ja in the bet receipt are deemed as valid.

Bet9ja has the right to refuse, accept or partially accept the bet amount. Furthermore, Bet9ja has the right to cancel all accepted bets before the betting event begins without any explanation. In such cases, a communication informing the Customer of the cancellation of the bet will be sent to the Customer's registered email address or a private message will be sent to the Account.

In case of irregularities impacting upon the outcome of a betting event (e.g. team playing with youth squad because of strike/protest/illness etc.), Bet9ja has the right to declare the whole betting event void even after the event has taken place.

It is possible to place single as well as multiple bets. Multiple bets, which combine different selections within the same event or within different events, are not accepted if the outcome of one affects or is affected by the outcome of the other, unless special odds are offered for the combined eventuality. Where such a bet is accidentally accepted, because of human or technical error, Bet9ja reserves the right to void part of or the whole of the bet.

Combined bets – Normally, combined bets are created according to the ‘x/y’ type, in which case the appropriate number of combinations will be created, with the amount of money being assigned to each combination separately. If, for example, you enter the amount of 10N for the combination bet of the ‘5/6’ type, there will be a total of 600N placed (6 combinations, 10N each). It is also possible to bet on different game types regarding related betting events in the same combined bet. However, since it is not permitted to create multiple bets referring to related betting events, only the allowed number of combinations will be created in this case, with the entered amount of money being distributed to each of these combinations. It is the responsibility of the Customer to check if the number of combinations and the total amount of money staked corresponds with what he/she wants to bet before confirming the bet. Once the bet is confirmed (single, multiple or combined), it can not be cancelled by the Customer.

Bet9ja operates maximum limits per bet (single bet, multiple bet or combined bet) or per any combination within a bet. The maximum winning per bet is NGN 100,000,000. The Customer will not have the right to receive the winnings exceeding the maximum limit per bet whether or not the Customer was notified at the time of placing the bet or otherwise that potential winnings per bet would exceed the per bet maximum winnings amount. In the event the potential winnings included in the bet slip exceed the amount of the maximum winning per bet (due to technical or human error), the Customer will have the right to receive the winnings as indicated in the bet slip only and in any event, up to the maximum winning per bet. Bet9ja reserves the right vary the maximum winning per bet at any time by publishing the new limit on its website.

Bet9ja operates maximum limits per day. The maximum winning per day per user is NGN 100,000,000. The Customer will not have the right to receive the winnings exceeding the maximum limit per day whether or not the Customer was notified at the time of placing their bets or otherwise that their potential winnings would exceed the maximum winnings amount per day per user. In the event the potential winnings included in the bet slip exceed the amount of the maximum winning per day (due to technical or human error), the Customer will have the right to receive the winnings as indicated in the bet slip only and in any event, up to the maximum winning per day per user. Bet9ja reserves the right vary the maximum winning per day per user at any time by publishing the new limit on its website.

Each sport is subject to the maximum winning per 24 hour period as listed below (the “Daily Limit”). The Daily Limit is exclusive of the original stake and applies per Customer or group of Customers, whether a betting syndicate or Customers acting together, who have placed bets containing the same selections, including where placed in a series of bets, at a range of prices, over one or different days, using one or multiple Accounts and/or across different betting channels. Should Bet9ja have any reason to believe that a number of bets have been placed this way, the total payment of all such bets combined will be limited to one single maximum winning payout. Daily Limit is subject to change.

The lowest Daily Limit will apply where a multiple bet is placed involving events with different Daily Limits.

Bet9ja reserves all of its rights under Clause V (10) of the General Terms and Conditions, but not limited by or to the same, in relation to any and all bets and/or Account activity.

All the information, dates and timings published by Bet9ja are purely indicative. If the time or date of a betting event is brought forward, all bets placed before the beginning of the event and confirmed by Bet9ja shall be considered valid, whereas bets placed after will be considered void. In case of multiple bets, only the selection related to the bet placed after the beginning of the event will be voided and such multiple bet will remain valid even if the minimum number of betting events is below the minimum required.

Unless otherwise stated in these Sport Terms & Conditions and/or any individual sports/bet typologies, whenever an event is (i) officially postponed and/or (ii) interrupted, all related bets will remain valid if the event takes place and is completed by midnight (WAT) of the day following the date originally set for the match. If it does not take place or is not completed according to foregoing, all the bets related to that event will be deemed void within 24 hours. Where the interruption takes place during extra time and, according to these Sport Terms & Conditions and/or individual sports, extra time does not affect the outcome of the bet, all the bets related to regular time will stand.

Unless otherwise stated in these Sport Terms & Conditions for certain sports/bet typologies, if an event does not take place in the expected venue, or if one of the teams (for team sports) or one of the participants (for individual sports) does not coincide with those originally scheduled for the match Bet9ja reserves the right to void all related bets.

The team/player displayed on the left side is considered to be the home team/player and the one displayed to the right is considered to be playing away. If a match takes place in a neutral venue, the "n" mark or the name of the venue may be displayed and the displaying order of the teams/players will be irrelevant. If a home team, for whatsoever reason chooses to play on some venue other than their official one, it will be still considered as the home team and no "n" sign will be necessary. Finally, for some competitions, for logistical reasons, not always the team that first appears in the match plays on his home pitch (Country) but it could happen (check the official competition web site) that the match is played in another pitch and in these cases it is not necessary to insert the sign "n" in the match details.

Unless otherwise stated in these Sport Terms & Conditions for certain sports/bet typologies, the outcome of a bet is based on the result achieved on the game field. Following decisions taken by disciplinary, sports or legal bodies and affecting or amending the result achieved on the game field will not be taken into consideration.

In the event of equal position/result of two or more competitors, the winnings will be computed dividing the original odds accepted by the number of competitors that share the same result. If, for example, two competitors whose price is 2.80 and 1.90 share the same result (they are both declared winners) the resulting prices will be: 1.4 (2.80/2) and 0.95 (1.90/2).

All void events will be validated by 12:00 a.m. (WAT) on the day following the validation of the result.

Only 3 (three) bets may be accepted by Bet9ja under the same Account on the identical events/markets selection (the "Identical Bets"). The Identical Bet means a single bet and/or a multiple bet and/or a combination of a single bet and a multiple bet, which has the same selections within the same event and/or different selections that have the same outcome, even if the stake is different. Without prejudice to any of the rights granted to Bet9ja hereunder in relation to the bets, Bet9ja reserves the right to void any Identical Bet that is placed in excess of the initial 3 (three) Identical Bets, even if such bets have been accepted by Bet9ja due to human or technical error, and regardless of the outcome of such bet.

If an event is not offered with the market "Any Other", Bet9ja reserves the right to add new participants at any time after the publication of the initial list, including eventually requests by the Customers.

The Customer has an obligation to inform Bet9ja as soon as possible of any amount wrongly credited on his/her Account. Without limiting Bet9ja's rights granted under the General Terms and Conditions or in law, Bet9ja may at any time set off any positive balance resulting from the erroneous operation, as well as cancel possible bets or transactions made with the erroneously credited funds.

Neither we (including our employees or agents) nor our partners or suppliers are liable for any loss resulting from any error made. Bets placed in order to cover flawed bets will stand valid if not impaired by errors.

Additional or new markets may be made available by Bet9ja from time to time. It is the responsibility of the Customer to read the respective "Market Rules" applicable before placing any bets.

All winning bets may be subject to taxes and levies imposed by the provincial and/or federal Taxes and levies shall be retained by Bet9ja and paid over on behalf of the player as may be required by applicable law.

Bet9ja reserves the right to withhold payment and to declare bets on an event void if we have evidence that the following has occurred: (i) the integrity of the event has been called into question; (ii) the price(s) or pool has been manipulated; or (iii) match rigging has taken place. Evidence of the above may be based on the size, volume or pattern of bets placed with Bet9ja across any or all of our betting channels. A decision given by the relevant governing body of the sport in question (if any) will be conclusive.

Where there is evidence of a series of bets each containing the same selection(s) having been placed by or for the same individual or syndicate of individuals, Bet9ja reserves the right to

make bets void or withhold payment of returns pending the outcome of any subsequent investigation.

If the Customer has withdrawn the amounts obtained through any of the bets that have been void for the reasons listed above and/or pursuant to any terms of the General Terms and Conditions or individual Sport Betting Rules, without limiting Bet9ja's rights to recover such funds granted hereunder or in law, Bet9ja reserves the right to set off the respective sum from the Account or from any amount that may be validly due to the Customer from Bet9ja.
